After the war

Yo! My first naruto fanfic hope you guys enjoy, if u want more review and tell me, and tell me what you want to read and that may influence now this story goes yeah.

This is based on after the war with obito and Madara, currently im watching the anime, and starting read ahead, so I'll try and keep this as close to what naruto ends up as possible. Mainly because i hate it when other people just ruin naruto by making him different.

Chapter 1

Ramens Gone!

Naruto was sitting on top of a log talking to Kuruma (nine tails real name).

" Dammit! The stupid war is over and i havnt eaten for days, im so hungry! "

"Quit your whining Naruto" Kuruma told him and went back to sleep.

"Im hungry!" He continued yelling.

" Your favourite food stand just opened up again Naruto" Kakashi told him as he walked towards him.

He sat down next to Naruto ... Well he was sitting next to Naruto,

but the hungry idiot (pls tell me if i should use Baka or idiot)
already ran towards the food stands.

The village now was being rebuilt again.

Tsunade was sitting on a chair and betting with other old people.

(I am aware that Sasuke kills all the Kage but tell me if i should
include that in this story

or even include the stupid idiot Sasuke himself or make it that he
was taken and put in jail?)

"were open!" Yelled Teuchi. (that ramen guy)

Naruto ran in placed all his coins on the table and after 3 seconds
Teuchi slowly said... "Umm.. I guess... Were closed..."

Naruto fell back in his chair and someone walked in the stall...

Ok thats the first chapter guys! I know its short but i guess this is
the thing i was talking about, you guys can influence, tell me who
should walk in, Sasuke, Kakashi, Sakura (couple or not?) or
Skikamaru. next chapter within 24 hours, most votes or best reason
will be the character that walks in, oh and feel free to add another
character to the list and tell me if naruto should be with any one...
YOLO!

End
file.
